

**Emergency Deficiencies Correction Funding Application**

**Initial Submission Date:** 8/13/2013 11:53:22 AM

**Application ID:** 660

**Resubmittal Date:**

Please provide as much of the requested information as possible. SFB staff will assist in developing required information that is not currently available.

**District Name:** Peach Springs Unified District

**Superintendent:** Dr. Anthony Perkins

**Contact Person:** John Livingston

**Contact Phone Number:** 928-769-2202

**Contact Email:** livingstonj@psusd8.org

**School Site:** Peach Springs School

**Buildings:** 9999 School Wide

**Description of Problem**

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

The district has approximately 500 linear feet of underground, buried propane pipe that feeds the emergency standby generator, heats all classrooms and the entire school, and is used to heat all water, including for the National School Lunch program. All these incoming pipes have failed, and all propane to the school has been turned off until all pipes are replaced.

**Project Category:** Special Systems

**Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school?** N

**Available Funding** Was money to address this issue included in your adopted budget for this fiscal year? **N**

Current unencumbered building renewal fund balance (Fund 690):	\$0.00
Current fiscal year building renewal expenditures:	\$0.00
Current balance of unrestricted capital:	\$47,819.16

Please outline any associated insurance coverage.

This is considered a maintenance issue by the Arizona School Risk Retention Trust, our property insurance trust. Our Impact Aid fund, which we use for staff salaries and benefits, capital projects and maintenance of grounds and facilities, is estimated to be half of our usual allotment. This means we have no Impact Aid funds available for facilities repair presently. Capital funds are dedicated to replacing worn and dated HVAC units, and maintaining classroom systems.

**Liaison:** Breuer
